What Our Customers Say About Us

Amazing Thailand! That's what the locals call their country and after visiting there I certainly understand why. I reflect upon this visit as my most exciting vacation ever. It is still hard to comprehend the many different sights, I was afforded to take in, the warmth of the people, the different regions of the country with the vastly different landscapes and cultures. Not to mention the food.- a smorgasboard for the eye and palate. So many exciting experiences to feast and reflect upon would not have been possible if it was not for the expert tour guide who opened up a new world for me. It takes someone who knows the land and the people to make it a trip of a lifetime. I definetely will have to go back again, soon.

I've been on many trips and the trip to Thailand was truly a tour of a lifetime. I know that we all were saying how amazing it was. We were in awe of the temples and of course, we loved the elephants and the excursions to the village of the long necked women and the Hmong village.

Sharon P. from Cortez, Colorado

I had wonderful trip to Thailand. It was exciting, full of fun and very a very inexpensive tour of Thailand. I look forward to returning again with Mr. Porter.

Wen Cheng C. from Taipei, Taiwan

Thailand, oh Thailand, what a beautiful experience. At my age (63) I must admit my two weeks in Thailand were the best vacation ever. The food was excellent everywhere we ate. The people were unbelievable friendly, they bent over backwards to make sure you are happy and feel comfortable. The tour to the village of the long neck women was amazing. The elephant ride is something I would advise everyone to try, at least once. On a scale of 1 to 10, I would have to give a Thailand vacation a TEN! I don't remember who made this statement back in the past, it may have been a great Military General or Santa Claus:" I shall return!"
